## General Plant

From **\$14,780** Incl. GST)

**Brian James Trailers** are manufacturers of Car Transporter Trailers and a full range of Commercial Trailers. They offer you quality trailers to suit your needs without compromise

The General Plant is tough and highly configurable range of trailers. It spans multi-purpose and plant trailer categories. It is easily adaptable, but highly capable in all scenarios. For example, adding a row of tie down holes in the deck or sides would be great for lashing down plant equipment, but not so good if you're carrying sand or soil!
